Marko Kassel is a remarkably versatile and creative accordionist, whose repertoire encompasses a wide array of styles—after all, life is too short to shy away from boundaries!

With Black Pencil, he immerses himself in over a thousand years of music history, spanning from medieval times to contemporary compositions.

With Firasso, he mainly performs the trio's own works that embody the vibrant spirit of tango, klezmer, balkan music and jazz.

Through Duo Mares, he continually expands the rich repertoire of the captivating combination of viola and accordion.

Additionally, he collaborates regularly with orchestras and contemporary music ensembles, as well as with dance and theatre companies.

He leads an accordion class at the Hochschule für Musik Detmold.
